

We started this weeks lesson with a review of our tones. Don't forget how important the correct tone (đồ u) is when speaking Vietnamese. You can review your tones using the '[Tones](#)' link above.

Bonus word associations: [15 word associations from the 100 words](#) . Do you best to learn a few new words each day, then.. USE THEM!

Anh Bô: [Vietnamese Sentence precursors and dividers](#) .

To aid your accelerated language learning, try to learn (listen and recognize when reading) these "special words". This will help you to be able to break down a sentence.

Anh Vãn: [Scripture Test](#) (Were you able to listen and write down these in English?)

[More ULG \(Including some sentence precursors\)](#)

Don't forget your homework, at least 1 hour a day.
